In Fifth Semester the students will be performing on individual projects undertaken by mentors which integrates and applies all learning from the program.

In Sixth Semester which is also a final semester students will be undergoing with professional projects with modules like Fashion merchandising, International Marketing, Entrepreneurship and survey & project.

Course Module FASHION DESIGN

CAREER OPPORTUNITIES

Fashion Design has been introduced as course under fashion design concept to generate and shape up the career of individuals who are creative and really willing to be fashion designer in today's market of fashion business. As apparel industries have revealed its remark in producing new and creative products and always aim to meet the challenge. Due to its challenging nature of work, it requires creative mind to enhance the productivity and meet up the requirements to the next level.

The course structure of Fashion Design has been introduced to the students to apply with the basic knowledge of design and technology in terms of clothing (apparel). The course has been designed after studying the requirements of fashion and apparel industries. The students will be trained under the similar working condition of fashion and apparel industries where they will be guided by the faculty and real professional and designers. Students will learn to create design and produce apparel both manually and using computer aided design (CAD) system.

Career in the field of fashion has been a brilliant and flourished future, it regularly requires new minds for creative and innovative thought for the development of the new inventions to cater the today's fashion market. To full fill the demand of fashion industry and its business. Fashion Designing will always be in great demand. As far as opportunities are concern. After completing their course, they can get placement in some reputed apparel manufacturing industries as a designer or merchandiser.

There are still many options to select the profession according to their knowledge and skills and that are Fashion Designer, Fashion Co-ordinator, Sampling Co-ordinator, Merchandiser, Design Co-ordinator, Head Designer in Export House, Fashion Consultant, Illustrator, Faculty in Fashion design Institute, Entrepreneur of Garment Business, Fashion Choreographer, Fashion Stylist, Freelance Designer, Project Designer in Govt. Organization and other various opportunities are there as per professional skill of the students.

AMBITION | BELIEVE | ACHIEVE
